Scholarship Program
Southern Delaware Alliance for Racial Justice
PO Box 306, Lewes, DE 19958

Thank you for your submission. If you have questions, please contact:
Gwendolyn Miller, grybm@outlook.com.

I plan on attending Franklin and Marshall College to further my education. This college has goals to provide more diversity in its community which helps us recognize we all have different identities. This college has many courses available for me to take. To create a more just world, I can take a course like International Studies. This course can help me have more perspectives of the world, and learn more about minorities throughout the world, with hopes to provide more equality. By learning about other parts of the world, I can have more opportunities and create more opportunities for others as well. I could also take a history related course. This course could help me learn about past hardships and racism that happened in our past. If we know what happened in the past we are more likely not to repeat it in the future. So by knowing about past hardships, we can try and provide more equality and less racism in our world today. I also plan to play softball for F&M as well. This extra-curricular activity can influence me to help others and show me what it is like to work as a team. By learning that, I can use it to make the world a better place and to provide more equality in our world. In conclusion, taking those courses and playing softball can help me make more of a just world. It will give me more perspectives and more background knowledge that will help me make the world a better place., as well as, showing me how to work with others.

- Student of the Month -Senior

March 25, 2020

To whom it may concern,

This letter is to substantiate Lauren Holladay's need for financial assistance. Lauren is a diligent, driven, and intelligent student. She is in the top 3% of her graduating class holding a 4.0 unweighted gpa. Her academic success has been noticed by an outstanding college. Lauren has been accepted by Franklin and Marshall College to further her education, where she will receive a top-notch education followed by numerous years of medical school and residency. We, as her parents, will try to assist her in anyway that we can however, Lauren is the eldest of three siblings. Our financial ability to assist her will be limited . We would be grateful for any assistance Lauren can receive. Her education will be mostly funded by student loans, therefore any assistance she can receive to reduce her after college financial responsibility will be greatly appreciated.

Sincerely,

Robert and Jennifer Holladay

Scholarship Selection Committee:

Lauren Holladay is an exceptional student, superior athlete, and all-around great person. I have known Lauren for only a year as her school counselor and she has made quite an impression. Miss Holladay is ranked fifth in her class with a 4.3 weighted GPA. Even more significant is the fact that she is the only student with a 4.0 unweighted GPA. Lauren is a humble, charismatic, hard-working student deserving of the bright future that lies ahead of her.

Miss Holladay keeps quite a busy schedule which requires maturity and time management. She plays softball for a travel team in Philadelphia which is two hours away from her home. Lauren attends a three hour practice two nights a week and has tournaments on the weekend in various states. She is also a starting member of the Laurel varsity softball team. While many students take summers off to relax and recharge, Lauren works full time at a barbeque stand. I am amazed at her ability to keep up with her rigorous coursework given her time consuming activities and commitments. This is just evidence of her strong work ethic and desire to excel.

The best leaders are said to lead by example and Lauren certainly does. In her coach's words, "Lauren is a true team player." She is well-liked and respected by both peers and faculty. While many students look to do what is best for themselves in all situations, Lauren always makes decisions with forethought of the impact it will have on others. She displays true initiative and interpersonal skills rarely seen in today's youth.

Without any hesitation, I highly recommend Lauren Holladay for any scholarship award. I do believe any organization would view her impeccable character and integrity as virtues to be rewarded. Lauren is very deserving of any opportunity that helps her reach her dream of a career in the medical field.

Sincerely,

Catina Goff

LHS Guidance Counselor
